GOES ROUND AND ROUND

It's time to switch off from reality and tune into the fantasy crafted at Bar Palladio, a dreamy café and bar located inside the Narain Niwas Palace Hotel in the heart of Jaipur, India. The venue is named for Renaissance architect Andrea Palladio, and the architecture and design were inspired by Venice's famous eateries Caffè Florian and Harry's Bar. Guests at Bar Palladio can enjoy signature cocktails and Italian food—or they might prefer to take tea on the terrace at the adjacent Caffè Palladio. Il Teatro at Bar Palladio also provides live entertainment, from music and theatrical performances to cooking demonstrations and more.
